Salem Ridge
GOLF & ACADEMY

We are excited to announce a new strategic partnership with Salem Ridge Golf & Academy and the creation of the Learn to Compete Junior Program. This program is designed to help juniors prepare for the challenges and expectations that come when playing tournament golf. This program is designed to help juniors prepare and learn the rules, etiquette, and scoring requirements for tournament play. Players will spend an afternoon immersed in the experience of golf - benefiting from mentor players, a wonderful training facility, and playing the game on a beautiful course. The spirit of the "competition" is guided by DJGT Officials and mentor players, and the young athletes who are competing are sure to have an awesome experience learning to play the game competitively.

LEARN TO COMPETE

The future of golf plays here!
